

ONCC WORKS FOR YOU

- Partners with O'Hare International Airport, airlines, FAA and others to reduce aircraft noise within the O'Hare region
- Manages the largest school sound insulation program in U.S.
- Supervises the nation's leading residential sound insulation program
- Monitors the Fly Quiet Program to reduce nighttime aircraft noise over residential areas
- Meets with federal and state leaders to address aircraft noise issues through legislation
- Advocates research programs that advance quieter aircraft technology
- Investigates aircraft noise trends using a state-of-the-art airport noise management system
- Initiates dialogue on aircraft noise issues through community outreach, education programs and information channels
- Promotes land use compatibility studies for O'Hare communities to foster sound economic development
