**Notes:**

- Interim Fly Quiet is a temporary program beginning November 3, 2019 through early 2021, when Runway 9R/27L is closed for extension construction. It is expected that significant runway construction, maintenance, and/or pavement rehabilitation on Runways 4L/22R and 4R/22L would impact the Interim Fly Quiet during the 2019 and 2020 construction seasons, respectively. It is not anticipated that the Interim Fly Quiet would occur during these construction periods.
- Fly Quiet Mode is the period of time in which the nighttime operations are operating in accordance with the CDA's Fly Quiet Program.
- FAR Part 150 considers nighttime hours 10:00 PM - 07:00 AM.
- Percentage of operations on designated runways within Fly Quiet Mode.
- Runway 10L/28R is available for flights that require additional runway length and have contacted CDA Operations at a minimum of 2 hours prior to arrival or departure.

**Comments:**

- There was 1 request granted for alternative runways during Fly Quiet Mode.
- On the night of 2/25, Fly Quiet Mode was restricted due to inclement weather.
